**\$500 CAN
HELP MAKE OUR
VOLUNTEERS
STRONGER.**

**CAN YOU
HELP?**

Piha is one of New Zealand's most iconic beaches - West Coast beauty combined with one of the country's finest surf breaks to create one of the most populated beaches in the country. With that comes one of the busiest surf life saving patrols – performing almost twice as many rescues as most other surf clubs.

The Piha Surf Life Saving Club relies solely on the generosity of trusts, businesses and individuals. That's why we are looking for your support – "Adopt a Piha SLSC Lifeguard".

SO WHAT'S IN IT FOR YOU?

Apart from the satisfaction of knowing you are helping to keep our beach safe, the Club wants to recognise your **\$500.00 donation** by offering the following benefits:

- Certificate of appreciation from PIHA SLSC Senior Surf Squad 2022/23
- A Piha SLSC Senior Surf Squad Supporters T-Shirt
- Recognition on the Piha SLSC Facebook pages and on the club website and Annual Report – sponsors page
- Discounted use of the Piha SLSC clubhouse for your company (availability permitting)
- Feedback from 'your' lifeguard during the season to ensure your support is recognised
- Invitation to attend PIHA SLSC Invitational Ironman event to meet the team and watch competitors battle the elements
- As Piha Surf Club is a registered charity, your donation will be eligible for a tax credit

**SO WHAT ARE YOU WAITING FOR?

**HOW CAN
YOU HELP US?**

SURF LIFE SAVING IS ALSO A SPORT? RIGHT!

Piha SLSC was founded in 1934. It has a proud history, is steeped in tradition and honour. With the lifeguards motto "In it for life" many lifeguards continue lifeguarding well into their 50's and 60's, we even have a patrol aptly named 'Grey Patrol'.

The Club offers a comprehensive system that trains juniors as Nippers from 5 until they qualify as lifeguards at 14. First aid, specialist IRB operator, leadership and incident management are some of the many skills lifeguards can also learn.

Piha SLSC is very proud of their volunteer guards who do an exceptional job of patrolling one of NZ's largest and most dangerous beaches. They volunteer their spare time to patrol over the summer months whilst continuing to train in first aid, remain fit and constantly upskill their lifeguarding knowledge.

**Surf Sports is the only sport in the world which has a purpose:
To prepare members to save lives.**

As well as being a volunteer lifeguard, many compete regularly at surf sport competitions where the events replicate the skills they need to carry out rescues. The lifeguard you will be adopting belongs to this group. With this sport comes a cost, so by adopting your lifeguard you will enable them to continue to not only patrol but compete in events (from the pool to the beach) all year round, against other lifeguards across the country. All that to ensure their fitness to provide a volunteer surf life saving patrol at one of the country's most popular beaches.

By supporting a Piha SLSC lifeguard, your \$500 will go a long way towards helping them achieve their lifesaving goals for the season.

**TO BETTER SERVE THEIR CLUB AND COMMUNITY.
